COMPUTING EDUCATION

Rochester Institute of Technology, College of Computing and Information Sciences **Rochester, NY**
Bachelor of Science, Game Design and Development Expected May 2029

- GPA: 3.9
- Dean's List Every Semester
- Awarded Presidential Scholarship
- Clubs: RIT Esports, RIT Game Dev Club
- Relevant Coursework: Interactive Media Development, 3D Animation and Asset Production, Intro to Game Web Tech

TECHNICAL SKILLS

Languages | C#, C++, HTML
Development Tools | Unreal Engine, Unity, GitHub, Visual Studio Code, Notion
Design and 3D Software | Maya, Blender, Gimp, Photoshop, Krita

EXPERIENCE

Playwerks Madison, WI (Remote)
Project Manager Intern **January 2026 - Present**

- Developed a narrative driven interactive project demo in Unreal Engine to showcase Artificial Intelligence API
- Conducted research and testing of API tools such as Unreal's MCP plugin and Eleven Labs TTS integration
- Collaborated with other team members using version control software like GitHub

RIT Esports Rochester, NY
Media Team Manager **January 2026 - August 2026**

- Produced and managed content for a club of over 2,000 members
- Led a team in the creation of digital marketing and promotional material
- Managed team workflow using Notion

PROJECT EXPERIENCE

C++ Dungeon Console Game | *Developer* | Personal Project **August 2026 - Present**

- Planned out game architecture for efficient design
- Implemented a dynamic grid-based rendering system using 2D arrays to manage player movement, collision, and tile states
- Utilized concepts of OOP such as interfaces and headers to reduce coupling between files

Cosmic Mina Deadlock Mod | *Developer* | Personal Project **January 2026 - March 2026**

- Developed a model and texture replacement modification for a character in the Valve game "Deadlock"
- Created concepts for model designs using 2D programs such as Gimp, Photoshop, and Krita
- Altered model geometry and albedo textures using Blender and Gimp
- Remapped UVs for custom texture
- Learned and utilized community developed tools to convert changes into game files
- Published mod to community platforms, reaching over 3,000 downloads
